

# UBMD Patients Needed for Research on Multiple Sclerosis.

We are studying cognitive processing speed (i.e., how quickly you can think) and developing a novel measure to assess deficits in individuals with multiple sclerosis.

## You May Qualify If You

- Are over 18 years of age
- Can speak and read English
- Not pregnant
- **Have a diagnosis of multiple sclerosis**

## Potential Benefits

Participating in this study may help develop a novel test of cognitive processing speed.

## FOR MORE INFORMATION

Please contact our research team at 716-323-0550,  
Email: [ubneuroresearch@gmail.com](mailto:ubneuroresearch@gmail.com),  
or visit [study.buffalo.edu](http://study.buffalo.edu).

## Participation Involves

- One in-person visit that will last either 10 or 30 minutes.
- Visit will involve two cognitive tests and one brief questionnaire or five cognitive tests and one brief questionnaire.
- Participants will be compensated for parking underneath Conventus, and if all five tests are completed, an additional \$20 gift card.
